## Certifications and Standards

EN 1492-1

### HIGH-TENACITY POLYESTER BELT

High-tenacity polyester offers weather resistance and excellent long-term stability. It has good resistance to acids, solvents and microorganisms and retains the same characteristics dry and wet.

### VERSATILITY OF USE

Ideal for lifting delicate loads that could be damaged by rope or chain slings, or when working in corrosive environments or where there is a risk of electrical conduction.

### TRACKABILITY

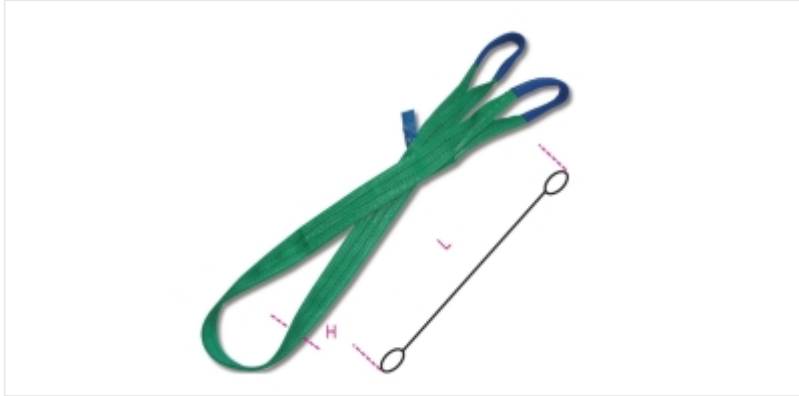

The label, made of tear-resistant material, is wrapped in transparent PVC protection and bears the manufacturer's name, load capacity, CE marking, batch code and serial marking.

This label is often subject to wear and tear during use, and if the data are erased or the label is cut and lost, the

### RANGE WIDTH AND COLOUR CODE

Available in multiple lengths and tonnages, the colour code of the webbing immediately identifies the working load limit; as well as the number of lines along the length of the webbing indicates its load capacity in tonnes.
