EAN code	5906708750801
Warranty	24 months

Description

The Akyga® AK-USB-72 is a **silicone USB-C to Lightning cable** that combines performance with a fresh, modern look. Its **pastel blue colour** stands out from standard cables, adding a touch of energy to your everyday accessories. With a length of **1 metre**, it is ideal for use at home, in the office, or on the go – whenever you need fast charging and a reliable connection.

Maximum power – 30 W fast charging

This blue Lightning cable supports charging power of **up to 30W**, allowing you to take full advantage of Power Delivery and Apple 2.4A Charging technology. In practice, this means your iPhone can reach 50% charge in just 30 minutes. It's the perfect solution for those who value saving time and a quick return to full power.

The Akyga® AK-USB-72 is also an excellent solution for users of older iPhone or iPad models who are already using modern USB-C chargers or the latest MacBooks. It allows you to connect your older device to the latest accessories and enjoy maximum charging performance.

Smooth data synchronisation

In addition to **fast charging**, the Akyga® AK-USB-72 cable **provides stable data transfer** in the USB 2.0 standard — transfer photos, music and documents between your iPhone, iPad and computer without interruptions.

Silicone coating — comfort and durability

The soft **silicone insulation** gives the cable exceptional flexibility, resistance to kinks and a pleasant-to-touch matte finish. In addition, the cable does not tangle, so it is always ready for use — at home, in the office or on the go.

Full compatibility with Apple

The Akyga® AK-USB-72 is fully compatible with iPhones, iPads, and Apple accessories. Perfect for both charging and data synchronisation, it guarantees fast, reliable, and safe performance.
