& Truck

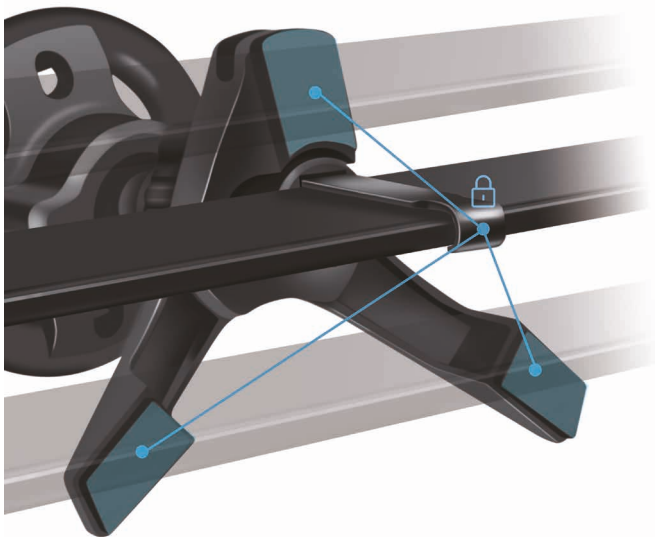

Universally Compatible

Built-in industrial grade N52H magnets with strong holding force to keep phones up to 300 g securely, even when riding on bumpy roads, the phone does not fall out.

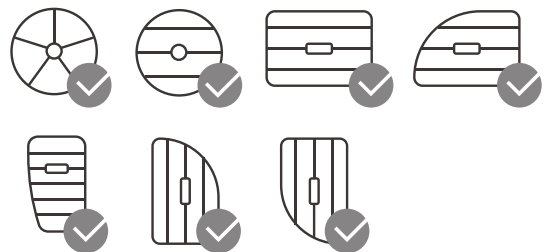

Works with 4.7–6.9" smartphones including iPhone 12 and later with magnetic suction.

If your smartphone or case does not have the magnetic suction, you can attach the included metal ring to the case.

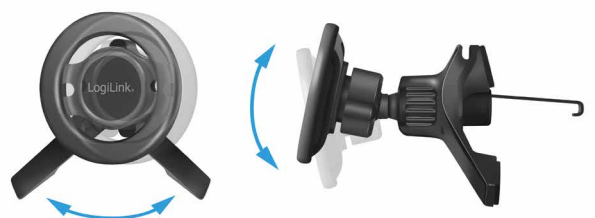

Ultra-Stable and Safe

Follows the triangular principle for secure attachment to most ventilation openings and do not block air flow. The metal hook clip can be adjusted to suit your air vent.

One Hand Operation & 360° Rotation

Supports the 360° rotation of your smartphone. With one hand, you can easily place and remove the phone, or adjust screen to the correct viewing angle and also place phone horizontally or vertically as desired.

Cable Management

Integrated cable holder on top to keep the charging cable accessible at all times.
