

BETA 999ESD/B4

Set of 4 ESD spring tweezers, acid and magnetic resistant

Features

Set of 4 ESD spring tweezers anti-acid and magnetic resistant

ESD protection

The tweezers are designed to prevent electrostatic discharge damage, ensuring maximum safety when working with sensitive electronic components.

FABRIC POUCH

The kit is contained in a practical roll-up fabric bag, which not only allows the tweezers to be transported safely, but also keeps them perfectly protected from damage.
