Description

The **Akyga® AK-TB-23 power supply** unit is a universal power source. Its versatility is ensured by **5 V/2 A** power supply parameters and the connector used. Namely, the power supply has been equipped with a worldwide popular **micro USB plug**. It is used to charge various types of everyday equipment such as smartphones, tablets, wireless headphones or less popular Airwheel C5 helmets. What is more, the **lightweight design** of the charger allows for comfortable use of the connected device also during charging. The **1.0 m cable** provides freedom of movement when working with the device. The adapter has a **set of protections** (OVP, OCP, OPP, OTP, SCP), which guarantees safe and stable operation. This applies both to the powered devices and the power supply itself.
