

BETA 861MIX/A31

Set of 30 bits with magnetic bit holder, in pocket case

Certifications and Standards

Features

Precise, durable and perfect for tight spaces.

High quality and optimum length

The 25 mm length facilitates access in tight spaces, while the precision of the tip guarantees optimum performance.

Universal compatibility

With the 1/4" hexagon bit, these bits are compatible with most screwdrivers, offering versatility for different types of jobs.

Practical plastic case

The durable plastic case keeps the bits organised and easily accessible, improving portability and efficiency during projects.

Maximum portability

The plastic case allows the bits to be carried in a compact and organised manner, taking up minimal space.

Quick extraction

The case allows quick and easy removal of the bits, improving efficiency and facilitating work in all situations.
