DIGITUS® CM10, wired 3-button mouse, with scroll wheel, 1.9 m cable length, 1000 DPI

DA-20169

EAN 4016032511069

Office Mouse Corded black 1,9 m USB cable

This wired 3-button mouse is a reliable and straightforward solution for everyday use in the office, at home, or in professional work environments. With left and right mouse buttons and a smooth-rolling scroll wheel, it offers intuitive operation for all common applications—from document editing and spreadsheet work to web browsing. The 1000 DPI optical sensor ensures precise cursor control and a comfortable response speed for everyday work. Thanks to its symmetrical design, the mouse fits comfortably in the hand and is equally suitable for right- and left-handed users. The optimized weight of 92 g enables controlled movement and comfortable handling even during extended use. The wired USB-A connection ensures stable signal transmission without batteries, charging breaks, or wireless interruptions. Thanks to Plug & Play, no additional software installation is required—simply plug it in and get started right away. With a cable length of 1.9 m, the mouse can be flexibly positioned at your workspace. The timeless black design blends discreetly into any modern work environment.

This wired USB-A mouse combines precise 1000-DPI control, intuitive 3-button operation, and a symmetrical, comfortably lightweight design—ideal for reliable, comfortable, and hassle-free work

Safety notes

- Do not open, modify, or repair the device yourself.
- Keep the device and its power cord out of the reach of small children to prevent the cord from wrapping around their neck or body and posing a strangulation hazard.
- Lay the power cord away from walkways and in such a way that no one can get caught on it, to prevent tripping and falling injuries.
- During prolonged use, be sure to maintain an ergonomic posture for your body, hands, and arms, and take regular breaks to avoid discomfort caused by repetitive or prolonged strain.
- Do not continue to use the device if the power cord, plug, or housing shows visible damage, to prevent malfunctions or damage to the connected device.
- Protect the connection cable from being crushed, severely kinked, or subjected to excessive tension to prevent damage and resulting malfunctions.
- Use and store the device only within the operating conditions specified by the manufacturer to prevent damage to the device and impairment of its functionality.
- When cleaning, follow the manufacturer's instructions and disconnect the device from the computer before cleaning.
- Do not use harsh cleaning agents, solvents, or abrasive cleaners.
- Never spray the device directly with water or cleaning sprays
- Battery and Rechargeable Battery Safety (for wireless keyboards and mice)
- Never throw batteries into a fire, open them, or short-circuit them. Risk of explosion and fire.
- Keep batteries out of the reach of children. Swallowing batteries can be life-threatening.
- Remove dead batteries from the device immediately to prevent damage caused by leakage.
- Electronic devices and batteries must not be disposed of with household trash. Please follow local disposal regulations and use the designated collection systems for used electronic devices.
