

BETA 7997GN

Technical stretch undershirt,
long-sleeved, with graphene

Features

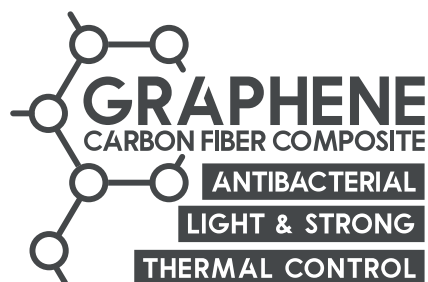

The Beta line in graphene combines temperature-regulating properties with a modern design for clothing that makes you feel and look your best.

GRAPHENE TECHNOLOGY

Graphene in fabrics optimises thermal comfort: it absorbs excess heat and releases it when it gets cold, maintaining an ideal temperature. It is light, durable, and improves garment comfort.

ELASTICITY

Elasticity and comfort without compromise: our technical stretch underwear is the ideal choice for those seeking optimum performance without sacrificing comfort

SMART TECHNOLOGY

Graphene is an intelligent material that efficiently absorbs, retains and dissipates heat, ensuring optimal thermal comfort
